Subject: Conditions for entry into Israel and provisions for passengers flying from / to Israel

1. General

As of 16 august 2020, all passengers on international flights arriving to or departing from Israel must complete a digital process through the Israeli Ministry of Health website, not more than 24 hours prior to their flight.

Please note that this is a **mandatory obligation**.

2. Digital process on the Israeli MOH website

The digital process for international passengers is composed of the following steps:

- Completion of personal identification details form – mandatory requirement for all passengers arriving to or departing from Israel.
- Completion of passenger locator form – mandatory requirement only for **non-Israeli passengers** applying for entry into Israel.
- Digitally signing a health status statement – mandatory requirement for all passengers arriving to or departing from Israel.

The digital process on the Israeli MOH website can be found in the following links:

3. Presentation of an electronic approval

Following a completion of the digital process the passenger will be provided with an electronic approval directly to their email address as provided by them at the personal identification details form.

All passengers are required to present their electronic approval to the air operator's representative before boarding their flight.

In addition -

All passengers **departing** from Israel will be required to present this electronic authorization at the entrance to the terminal building at Tel-Aviv Ben-Gurion airport.

All non-Israeli passengers who enter Israel will be required to present their electronic authorization to the immigration control officer at Tel-Aviv Ben-Gurion airport.

4. Note for Air Operators

Please note, as of 1st of September 2020, allowing a passenger, who has not completed a digital process as stated above, to enter the Israeli airspace constitutes a violation of the Israeli law and might be subject to an administrative fine as stipulated in the Israeli regulations.
